RFI 27-004 - Project Search Employment Training Partner

Request for Information Issued : October 9, 2026

Response Deadline : October 28, 2026

Procurement Officer : Dorothy Tauaese-Puletapuai

Description :

Through this Request for Information (RFI), the Alaska Governor's Council on Disabilities and Education (GCDSE) is seeking information from qualified disability services organizations that provide employment training services to fill the separate instructor and skills training staff roles at an identified potential new Project SEARCH adult or non-school district enrolled student site. For this RFI the specific site development is focused on an adult based program, where the interns are no longer enrolled in school or have graduated, and there would be no school district partner unlike typical school district or youth-based Project SEARCH site models. Responses to this Request for Information (RFI) are for informational purposes only. This RFI does not extend any rights to prospective vendors or obligate the State to conduct a solicitation or purchase any goods or services.

Please see attached for further details.

This notice governs the ownership, return, and disclosure of any respondent or other record a respondent submits in response to this Request for Information. (Herein, any reference to Record includes all such records and the offer; any reference to Law includes any federal or State of Alaska (State) law, including any court or administrative order or rule.)

1. All Records belong to the State.
2. The State has sole discretion regarding whether to return any Record. In exercising this discretion, the State

will comply with all Laws.

3. Unless a notice of intent to award is issued, the State will, to the extent permitted by Law, consider all Records confidential and not subject to the Alaska Public Records Act (APRA).

4. If, and when a notice of intent to award is issued, the State will consider nonconfidential any Record unless, at the time of submission, the respondent undertook the following protective measures:

- a. Marked information confidential;
- b. For any information marked confidential, identified the authority that makes that specific information confidential; and
- c. Committed
