Winter Weather Advisory issued October 14 at 2:06AM MDT until October 15 at 12:00PM MDT by NWS Cheyenne WY

Event: Winter Weather Advisory.

Severity: Moderate.

Area: North Snowy Range Foothills; South Laramie Range.

...SEASON'S FIRST WINTER STORM TO IMPACT THE SIERRA MADRE, SNOWY, AND SOUTHERN LARAMIE RANGES... .An upper level system will drift eastward and produce accumulating snow at elevations above 7000 feet through Thursday evening. Favorable upslope flow from the north to northeast at the Snowy Ranges are forecasted to produce snow accumulations of 6 to 12 inches through Thursday evening. As the system center moves east, winds shift out of a more northerly direction favorable for snow on the Sierra Madre Ranges starting overnight Wednesday. Snow levels are expected to reach the I-80 Summit of the Southern Laramie Ranges early Wednesday morning. Locally heavier snow totals are possible in the advis
