Explor Geoscience USA, Inc. Western Cook Inlet 2D Geophysical Exploration Miscellaneous Land Use Permit Modification

The Alaska Department of Natural Resources, Division of Oil and Gas (Division) received a Miscellaneous Land Use Permit Modification application on September 25, 2026, from Explor Geoscience USA, Inc. (Explor) requesting to expand the survey lines approved in the original permit. The proposed project will be adjudicated under AS 38.05 and 11 AAC 96.030. The Division provides public notice and an opportunity to comment.

Applicant: Explor (see application for contact information)

Project ID: MLUPCI-25-001

Location: approximately 13 miles northeast of the Beluga airstrip (see application for MTRS)

Project Description:

Explor is requesting authorization to modify the previously approved Geophysical Exploration Permit, MLUPCI 25-001, to extend the survey lines by approximately 9.7 miles. The original intent of the seismic survey and proposed activities would remain unchanged. Explor would extend the survey line 1A 6.1 miles to the northwest and would extend the survey line 1C 3.6 miles to the northeast and southwest. The total length of the two survey lines would be increased to 20 miles. All survey procedures would be performed as described in MLUPCI 25-001. The project would begin in November of 2026.

The application package is available for review at the Division's Permitting Section, 550 West 7th Avenue, Suite

1100, Anchorage, AK 99501, or online at <http://dog.dnr.alaska.gov/Newsroom>. Please send comments to dog.permitting@alaska.gov or to the Division address above. All comments must be in writing. A copy of the final decision will be sent to any person who provides written comments. An eligible person affected by this decision may appeal or request the commissioner's reconsideration in accordance with 11 AAC 02.

All comments must be received by the comment deadline: 4:30 pm, Alaska Daylight Time, October 21, 2026
