Fisheries of the Northeastern United States; Summer Flounder Fishery; 2026 Commercial Quota Harvested for the State of Maine

NMFS announces that the 2026 summer flounder commercial quota allocated to the State of Maine has been harvested. Vessels issued a commercial Federal fisheries permit for the summer flounder fishery may not land summer flounder in Maine for the remainder of calendar year 2026, unless additional quota becomes available through a transfer from another state. Regulations governing the summer flounder fishery require publication of this notification to advise Maine that the quota has been harvested, and to advise vessel permit holders and dealer permit holders that no Federal commercial quota is available for landing summer flounder in Maine.

Agency: Commerce Department, National Oceanic and Atmospheric Administration.

Document type: Rule.

Document number: 2026-20861.

Official Federal Register document. Matter furnished by the National Archives Federal Register API. Notice Nearby is not the publisher of record for this item.
