

Greta Ilse Nussbaum

July 21, 1948 - August 7, 2026

Rapid City, South Dakota

Greta Ilse Nussbaum died in Rapid City on August 7, 2026. She was 78. Born in Rapid City on July 21, 1948, with German-American roots that shaped the table more than the flag. She learned early that a day is something you finish, not something you wait for.

She counted, labeled, and double-checked with a care that kept wards safe. A pill-count tray polished smooth was her quiet instrument. Colleagues still mention a pill-count tray polished smooth.

She married Otto in 1971. They kept a house that stayed modest when the neighborhood did not. They raised a son through public schools and ordinary weather. After Otto died in 2019, she kept the routines that still made sense: the walk, the garden, the Sunday call.

Neighbors remember someone who knew every child's name on the block. She liked early mornings before the heat or the noise. She died in Rapid City, among streets she never needed to explain. The porch still expects a returning step.

Services

A memorial gathering in Rapid City with coffee afterward. In lieu of flowers, a gift to a local workers' fund, clinic, or neighborhood library is welcome.
