

Greta Ilse Unterseher

January 14, 1954 - August 16, 2026

Tampa, Florida

Greta Ilse Unterseher died in Tampa on August 16, 2026. She was 72. Born in Tampa on January 14, 1954, raised among German-American manners that never needed a speech. She learned early that a day is something you finish, not something you wait for.

She ran floors that never slept. A checklist in two languages kept standards; she taught that a made bed is a small mercy. Colleagues still mention a cart checklist in two languages.

She married Klaus in 1978. They kept a house that stayed modest when the neighborhood did not. They raised two sons through public schools and ordinary weather. After Klaus died in 2019, she kept the routines that still made sense: the walk, the garden, the Sunday call.

Neighbors remember quiet help with a stuck mailbox or a heavy trash can. She liked early mornings before the heat or the noise. She died in Tampa, among streets she never needed to explain. The porch still expects a returning step.

Services

A memorial gathering in Tampa with coffee afterward. In lieu of flowers, a gift to a local workers' fund, clinic, or neighborhood library is welcome.
