

Anaheim building permits, September 27–October 3, 2026

Public notice. Anaheim's building-permits service lists 133 permits with an issued date from September 27, 2026, through October 3, 2026. The newest issued date in that set is October 1, 2026. The largest work types were trade only (62), reroof (21), new residential construction (6), and photovoltaic with micro-inverters (6). Seven rows had no work type listed. The service returned 17 work-type groups in this window. This notice does not list a street address or a permit number. Check Anaheim's own copy before you rely on a permit.
