

Washington, D.C. building permits, September 28–October 4, 2026

Public notice. The District of Columbia's public permit map service lists 871 building permits with an issue date from September 28, 2026, through October 4, 2026.

This is a District-wide count only. It does not list a street address, a permit number, or a contractor. Check the District's own copy before you rely on a permit.
