

Tallahassee active permits, August 12–18, 2026

Public notice. The Tallahassee and Leon County active building-permits map has no issued date from September 27, 2026, through October 3, 2026. The newest issued date on that map is August 18, 2026. From August 12 through August 18, 2026, the map lists 10 permits. Four have permit type New. One is New Home Set Up. Five rows have no permit type listed. Those counts add to 10. The map keeps active permits, so it is not a full history of every permit issued that week. This notice does not list a street address. Check the county map before you rely on it.
