

Flash Flood Warnings for Mobile and Shelby Counties, Alabama, and Camden County, Georgia

Public paper · October 4, 2026 · Mobile and Shelby counties, Alabama, and Camden County, Georgia · Ryan Standley / Record of Sale, LLC / Notice Nearby

Heavy rain is causing flash flooding in Mobile and Shelby counties in Alabama on Sunday, Oct. 4, 2026, with National Weather Service warnings until 6:15 p.m. CDT (4:15 p.m. Pacific). In Camden County, Georgia, the Flash Flood Warnings near Kingsland were cancelled by 5:41 p.m. EDT and replaced by a Flood Warning for southeastern Camden County until 8:45 p.m. EDT (5:45 p.m. Pacific). Radar showed 3 to 5 inches of rain in some spots. Turn around, don't drown.

Heavy rain is causing flash flooding in Alabama on Sunday, Oct. 4, 2026. The National Weather Service has Flash Flood Warnings for south and south central Mobile County until 6:15 p.m. CDT (4:15 p.m. Pacific) and for southwestern Shelby County until 6:15 p.m. CDT (4:15 p.m. Pacific). Radar showed 3 to 5 inches of rain already in parts of Mobile County, with 2 to 3 more possible. In Camden County, Georgia, NWS Jacksonville cancelled its Flash Flood Warnings near Kingsland by 5:41 p.m. EDT and issued a Flood Warning for southeastern Camden County until 8:45 p.m. EDT (5:45 p.m. Pacific). Flooding of creeks, streams, and low spots is happening or about to.

What to do: do not drive through water on the road. Turn around, don't drown. Most flood deaths happen in vehicles. Six inches of moving water can knock a person down. A foot or two of moving water can float a car. You cannot tell how deep it is from the driver's seat. Stay away from flooded underpasses, creeks, and low spots. If water is rising around you, move to higher ground. If you are trapped, call 911. Do not treat the end time as an all-clear until weather.gov says the warning is over.

Updates (live history)

Oct. 4, 2026, 5:29 to 5:44 p.m. EDT (2:29 to 2:44 p.m. Pacific): NWS Jacksonville cancelled the Kingsland Flash Flood Warning (5:29 p.m.), the Kingsland and Harrietts Bluff warning (5:30 p.m.), and the east central warning (5:41 p.m.). At 5:44 p.m. EDT it issued a Flood Warning for southeastern Camden County until 8:45 p.m. EDT. The Camden County hub pin now shows the Flood Warning and comes down at 8:45 p.m. EDT (5:45 p.m. Pacific). VTEC /O.NEW.KJAX.FA.W.0003.261004T2144Z-261005T0045Z/.

Oct. 4, 2026, 5:18 p.m. EDT (2:18 p.m. Pacific): NWS Jacksonville cancelled the west central Camden County Flash Flood Warning (VTEC /O.CAN.KJAX.FF.W.0045.000000T0000Z-261004T2215Z/). The Kingsland warning until 7:45 p.m. EDT and the other Camden warnings stay in effect.

Oct. 4, 2026, 2:15 p.m. Pacific: paper published with all warnings listed below as active on api.weather.gov.

Mobile County, Alabama

NWS Mobile has two Flash Flood Warnings in Mobile County. Both are new warnings issued Sunday afternoon. Both say radar indicated the heavy rain.

The longer one covers south central Mobile County. It was issued at 3:16 p.m. CDT and lasts until 6:15 p.m. CDT (4:15 p.m. Pacific). Between 3 and 5 inches of rain have fallen. Another 2 to 3 inches are possible. Places named: Bayou La Batre, Coden, Alabama Port, Delchamps, Kirewakra, Fowl River, South Orchard, Faustinas, Mon Louis, and Smithport. Kirewakra is the spelling on the bulletin. VTEC /O.NEW.KMOB.FF.W.0042.261004T2016Z-261004T2315Z/.

The other covers southern Mobile County, including Dauphin Island. It was issued at 2:30 p.m. CDT and lasts until 5:30 p.m. CDT (3:30 p.m. Pacific). Between 2 and 4 inches of rain have fallen, and 2 to 3 more inches are possible. VTEC /O.NEW.KMOB.FF.W.0041.261004T1930Z-261004T2230Z/.

The warnings cover the southern part of the county, not every acre of Mobile County. The list of places is examples, not a fence.

Shelby County, Alabama

NWS Birmingham issued a Flash Flood Warning at 3:21 p.m. CDT for southwestern Shelby County in central Alabama. It lasts until 6:15 p.m. CDT (4:15 p.m. Pacific). Radar showed thunderstorms with heavy rain. Flash flooding is happening or expected to begin shortly.

Places named: Calera, Montevallo, Wilton, Shelby County Airport, American Village, the University of Montevallo, and Dogwood. The warning also includes Interstate 65 between mile markers 228 and 235.

The Birmingham office did not print a rainfall total on this warning. VTEC /O.NEW.KBMX.FF.W.0036.261004T2021Z-261004T2315Z/.

Camden County, Georgia

NWS Jacksonville issued four Flash Flood Warnings for parts of Camden County in southeastern Georgia between 4:37 p.m. and 4:55 p.m. EDT.

The most serious covers south central Camden County, including Kingsland. It lasts until 7:45 p.m. EDT (4:45 p.m. Pacific). Between 3 and 5 inches of rain have fallen, and 1 to 2 more inches are possible. The hazard line says life-threatening flash flooding. The damage threat is listed as considerable. VTEC /O.NEW.KJAX.FF.W.0044.261004T2048Z-261004T2345Z/.

A second south central warning, naming Kingsland and Harrietts Bluff, lasts until 6:00 p.m. EDT (3:00 p.m. Pacific), with 2.5 to 4 inches fallen and 1 to 3 more possible. An east central warning lasts until 6:30 p.m. EDT (3:30 p.m. Pacific), with 2.5 to 3.5 inches fallen and 1 to 3 more possible, mainly over rural areas. A west central warning issued at 4:52 p.m. EDT (2 to 3.5 inches fallen) was cancelled by NWS Jacksonville at 5:18 p.m. EDT.

Clocks can change. The National Weather Service can extend, cancel, or replace a warning. Check weather.gov.

Hub pins and history

Each county hub on Notice Nearby shows this paper at the top with a warning stamp while the warning runs. The Mobile and Shelby pins come down at 6:15 p.m. CDT (4:15 p.m. Pacific). The Camden pin shows the Flood Warning and comes down at 8:45 p.m. EDT (5:45 p.m. Pacific). The paper stays in Papers after the pin comes down.

This page names counties and communities only. It does not print a street address.
