

Cambridge building permits, September 27–October 3, 2026

Public notice. Cambridge publishes building permits in separate open-data files.

The alteration and addition file lists 13 permits with an issue date from September 27, 2026, through October 3, 2026. The newest issue date in that file is October 2, 2026.

The separate new-construction file lists 0 permits in the same window. The newest issue date in the new-construction file is September 25, 2026, which is before this window.

These two files do not include every Cambridge trade permit. This notice does not list a street address or a cost.

The counts are from the city's public data portal. Confirm any permit with the City of Cambridge before you use it.
