

Detroit building permits, September 27–October 3, 2026

Public notice. Detroit's building-permits service lists 127 permits with an issued date from September 27, 2026, through October 3, 2026. The newest issued date in that set is October 2, 2026. The largest permit types were alteration (110), alteration revision (5), and change of occupancy or use (4). A separate change-of-use group had 2 rows. The service returned 10 permit types in this window. This notice does not list a street address or a permit number. The count comes from the city's public permit service. Check Detroit's own copy before you rely on a permit.
