

Minneapolis building permits, September 27–October 3, 2026

Public notice. Minneapolis Construction Code Services lists 596 permits with an issue date from September 27, 2026, through October 3, 2026. The newest issue date in that set is October 2, 2026. The permit types were plumbing (225), residential (212), mechanical (107), commercial (49), and wrecking (3). Those five counts add to 596. A sum of the value field was not returned for this query, so no dollar total is stated. This notice does not list a street address or a permit number. Check Minneapolis's own copy before you rely on a permit.
