

New federal prime contract awards, September 28–October 4, 2026

Public notice. USAspending lists federal prime contract awards with an action date from September 28, 2026, through October 4, 2026.

This notice counts contracts only, which are award type codes A, B, C, and D: BPA calls, purchase orders, delivery orders, and definitive contracts. Subawards, grants, and loans are not included.

Nationwide, the contract count on that filter was 55,029. USAspending's awards last-updated stamp was October 5, 2026, so late filings may still be added.
