

Asheville permit records opened, September 27–October 3, 2026

Public notice. Asheville's public permits view lists 54 records with a date opened from September 27, 2026, through October 3, 2026. The newest date opened in that set is October 2, 2026. This notice uses the date the record opened, not a separate issued date. The largest record types were commercial demolition (7), commercial alterations (6), residential alterations (3), residential repair or replace (3), and residential site work (3). The view returned 27 record types in this window. This notice does not list a street address. Check Asheville's own copy before you rely on a filing.
