

Raleigh building permits, September 27–October 3, 2026

Public notice. Raleigh's open building-permit file lists 86 permits with an issued date from September 27, 2026, through October 3, 2026. The newest issued date in that set is October 1, 2026. Every row in this window is mapped as permit type Building. The file covers permits issued in the past 180 days, and this notice counts only the named week inside it. This notice does not list a street address or a permit number. Check Raleigh's own copy before you rely on a permit.
