

Wake County building permits, September 27–October 3, 2026

Public notice. Wake County's building-permits map lists 55 permits with an issue date from September 27, 2026, through October 3, 2026. The newest issue date in that set is October 1, 2026. The permit types were residential building (25), residential accessory structure (23), commercial building (6), and manufactured home (1). Those four counts add to 55. This notice is the county file. It does not list a street address or a permit number. The count comes from the county's public inspections map. Check Wake County's own copy before you rely on a permit.
