

Bismarck building permits, September 3–October 3, 2026

Public notice. Bismarck's building-permit map has no issued date from September 27, 2026, through October 3, 2026. The newest issued date on the map is September 24, 2026. From September 3, 2026, through October 3, 2026, the map lists 351 permits with an issued date. The largest permit types were building mechanical (97), building residential (49), building electric (48), building plumbing (42), and engineering water, sewer, or storm (31). Those five groups are 267 of the 351. This notice does not list a street address. Check Bismarck's own copy before you rely on a permit.
