As of about 8:30 a.m. PT Monday, Oct. 5, 2026, Nevada's 511 road site listed 81 construction events, 7 closures and 2 incidents. None was tagged to a Nye County town or state route. Big statewide work includes overnight I-580 ramp closures in Reno, I-11 lane cuts in Las Vegas through Dec. 1, 2027, Airport Connector ramp work Oct. 6–16 and one-lane paving on US-93 with pilot cars through Nov. 24. Near Beatty, Death Valley's Titus Canyon Road stays closed.

We checked NV Roads, the Nevada Department of Transportation's 511 traveler site, at about 8:30 a.m. PT on Monday, Oct. 5, 2026. It listed 81 construction events, 7 closures and 2 incidents. NDOT groups them by region: 41 construction events in the Reno region, 30 in the Las Vegas region, 9 in the Elko region and 1 with no region.

We found no event that named a Nye County town, such as Pahrump, Tonopah, Beatty, Amargosa Valley, Round Mountain or Gabbs, or a Nye County state route such as SR-160 or SR-372. Road conditions change fast. Check nvroads.com or call 511 before you drive.

Near Beatty: Death Valley roads

NV Roads still shows an old Aug. 25, 2023, advisory on NV-267 near the California line, saying Death Valley National Park is closed in California. That entry is three years old. The park's own page, updated Sept. 28, 2026, says Bonnie Clare Road and Scotty's Castle are closed for flood recovery, with no access, and no reopening date.

The park also says the one-way section of Titus Canyon Road is closed for repairs, with an expected reopening in May 2027. The two-way western section will close from Oct. 27, 2026, through December. North Highway has loose gravel and missing shoulders. Check nps.gov/deva before you go.
