

New York City DOB NOW permits, September 27–October 3, 2026

Public notice. New York City's DOB NOW Build approved-permits file lists 3,710 rows with an issued date from September 27, 2026, through October 3, 2026.

Of those rows, 3,678 have permit status Permit Issued and 32 have status Signed-off. By borough, the same window shows Manhattan 1,455, Brooklyn 804, Queens 780, Bronx 398, and Staten Island 273.

Those five borough counts add to 3,710. The newest issued date in the file is October 2, 2026.

Large work-type groups in the window include general construction (888), plumbing (480), and sidewalk shed (455). This notice does not list a street address or a job number. Confirm the permit on NYC Open Data or with the Department of Buildings.
