

Portland building permits, September 27–October 3, 2026

Public notice. Portland's public permit map lists 846 permits with an issued date from September 27, 2026, through October 3, 2026. The newest issued date in that set is October 1, 2026. The largest type groups were residential one- and two-family (338), commercial or multifamily (103), single-family dwelling (84), removal or replant (75), and pruning (33). Those five groups are 633 of the 846. The map had 52 type names in this window. This notice does not list a street address or a permit number. It is a citywide count from the city's development-services map. Check Portland's own copy before you rely on a permit.
