Powerball, Sat Oct 10: 1 · 4 · 19 · 33 · 51, Powerball 15, Power Play 2×. Jackpot not won. The next Powerball draw is Monday, Oct 12, with an estimated jackpot of about \$538 million. Mega Millions on Tue Oct 13 advertises about \$385 million (about \$154.8M cash).

The honest part: your odds of hitting the Powerball jackpot are 1 in 292,201,338, no matter how big it gets. Lotto Form doesn't sell luck. It's a racing-form-style program book for the games the country actually plays, built from the public record.
