

Allentown building permits, September 27–October 3, 2026

Public notice. Allentown's current building-permits service lists 68 permits with an issue date from September 27, 2026, through October 3, 2026. The newest issue date in that set is October 2, 2026. The type groups were building residential (51) and building commercial (17). Those two counts add to 68. This notice does not list a street address or a permit number. The count comes from the city's public building-permit layer. Check Allentown's own copy before you rely on a permit.
