

Sioux Falls building permits, September 27–October 3, 2026

Public notice. Sioux Falls's building-permits map lists 145 permits with an issue date from September 27, 2026, through October 3, 2026. The newest issue date in that set is September 30, 2026. The permit types were residential building (103) and commercial building (42). Those two counts add to 145. This notice does not list a street address or a permit number. The count comes from the city's public community map. No dollar total is stated because this count did not request a value sum. Check Sioux Falls's own copy before you rely on a permit.
