

A Texas dam repair prime is already signed

The prime is already picked. Beavers Construction, L.L.C. won this job.

The award amount is \$1,069,924.36. The awarding agency is the Department of Agriculture. The sub agency on the record is the Under Secretary for Farm and Foreign Agricultural Services.

The award text says the work is dam repair at Cedar Creek Site 16 and Cedar Creek Site 16A. The place of performance is Rockwall, Texas.

The base obligation date is September 29, 2026. The period on the record runs from September 29, 2026 to November 8, 2027. The award id is 12FPC326C0011. It is a definitive contract. That is a prime contract, not a subcontract.

The NAICS code is 237990. That code means other heavy and civil engineering construction.

This award is already with the prime. A small contractor does not bid it again. Call Beavers Construction, L.L.C. and ask about subcontract work. Check NAICS 237990. Watch Texas for the next job like this.
