

Tacoma permits, September 27–October 3, 2026

Public notice. Tacoma's public permit service lists 102 permits with an issued date from September 27, 2026, through October 3, 2026. The newest issued date in that set is October 2, 2026. The summed valuation field was \$4,581,224. The largest permit types were building (51), right-of-way (18), utility connection (18), and site (9). Those four groups are 96 of the 102. This notice does not list a street address or a permit number. The count comes from the city's public permit service. Check Tacoma's own copy before you rely on a permit.
